Frequently Asked Questions

1. Is it 100% anonymous?

Yes, none of the information exchanged over the system is logged so there is no way to track the originator of a text.

2. Should I use TIP411 in an emergency?

Use tip411 primarily for non-emergency tips.

Texting to tip411 is NOT an alternative to calling 911 - In any emergency, call 911.

3. Can my cell phone service provider charge my account for sending a tip via text?

You should check with your service provider. Standard text message rates may apply.

4. Can the police reply to the text message?

Yes. Selected officers are designated as administrators. These administrators are able to reply to your anonymous message. You remain anonymous even to the administrators.
