

1 Public parking for the greenway will be constructed in this existing grass area adjacent to the trail corridor

2 Wetland and pond areas along trail corridor host an abundance of wildlife for viewing

3 A potential neighborhood connection

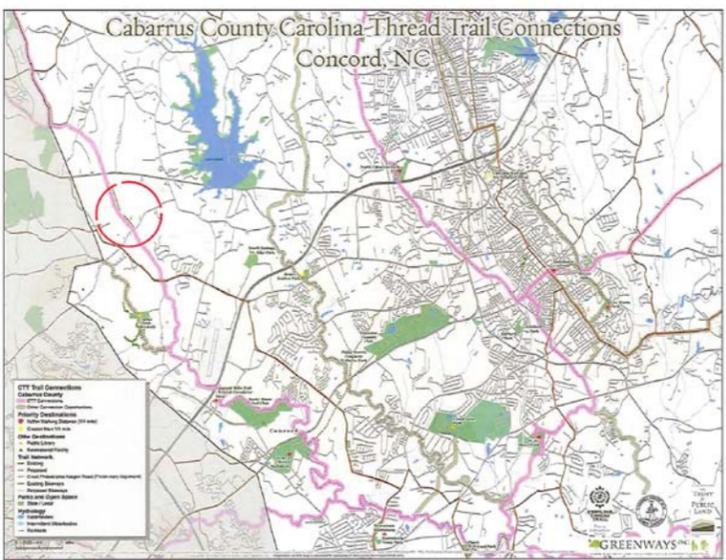

4 The trail corridor follows the upland area along Rocky River

5 Current drainage and erosion issues will be addressed as part of the trail construction

6 The public trail access will occur from this existing sidewalk connecting from the public parking area

This map represents a portion of the Cabarrus County Carolina Thread Trail Master Plan. The circle indicates the location of this project.
