

## FY 2017-2018 CITY COUNCIL GOALS

On January 26 and 27, 2017, the Mayor and City Council held the annual planning session. The direction provided by the Mayor and Council during the planning session has been developed into a statement of goals for the City of Concord for FY 2017-2018. These goals guide budget development and implementation. In addition to this statement of goals, the City has also developed a set of financial policies that are approved by City Council to guide the City in the financial management of all funds. Although North Carolina local governmental units must adhere to the requirements set forth in the North Carolina Local Government Budget and Fiscal Control Act, the financial policies approved by City Council are often more stringent than State requirements to assure the City of Concord will continue to function in a very fiscally sound manner.

The FY 2017-2018 goals are presented according to functional areas. During the year, monthly functional meetings are held to monitor progress on these goals and to identify new issues that must be considered for long-range planning. City Departments are evaluated on their performance in meeting these goals.
