

## RFP for Historic Neighborhood Survey of the City of Concord and Environs

### **Addendum 1: Questions and Answers**

1. What is the project budget?

*The total project budget for a preservation plan is \$30,000, of which this survey work is a part. \$5,000-\$10,000 of the \$30,000 for is being reserved for facilitation work, public input, and prioritization later in the process.*

2. The RFP outlines public presentations including "a community presentation on the results of the research and prioritization of neighborhoods for survey" and "a public presentation in Concord on the project resources." Are these items intended to be separate presentations bringing the total outlined in the RFP to three presentations in addition to a media interview?

*These presentations may be consolidated.*

3. The RFP outlines "a preliminary windshield survey and preparation of a planning report..." as well as "preparation of draft and final survey reports" on page 2 of the .pdf. Is the planning report intended to be a separate document from the survey reports mentioned in the following bullet point and deliverables on page 3, or are these two bullets referencing the same report deliverable?

*These are the same deliverable.*
