

TRANSPORTATION DEPARTMENT

**EXHIBIT "G"
GENERAL CONDITIONS AND BID FORM**

**Solicitations of Bids for the
Miramar St., NE Sidewalk Extension Phase II**

The City of Concord is requesting Bids for all necessary work to construct the proposed sidewalk extension on Miramar St., NE including installation of new sidewalk, removal of existing asphalt and concrete pavement along driveways, and curb and gutter and performing other associated work as noted in the Miramar St., NE Phase II Sidewalk Extension construction plans as further described below. If you wish to submit a Bid on this work, please fill out the Bid Form sheet that is enclosed herein and return at the address listed below.

1) Definitions:

City – City of Concord, North Carolina

Change Order - A document recommended by the Director which is signed by Contractor and City and authorizes an addition, deletion, or revision in the Work or an adjustment in the Contract Price or the Contract Times, issued on or after the Effective Date of the Agreement.

Contract – the executed agreement between the City of Concord and the successful bidder, covering the performance of the work and the compensation therefore. The term contract is all inclusive with reference to all written agreements affecting a contractual relationship and all documents referred to therein, and shall specifically include, but not be limited to, the Bid Form, the printed Contract Form and all Attachments thereto, the Contract Bonds, Insurance Forms, Exhibits, the Plans, the Standard Specifications and all supplemental specifications thereto, the general conditions, and all executed supplemental agreements, all of which constitute one instrument.

Contract Price - The moneys payable by City to Contractor for completion of the Work in accordance with the Contract Documents as stated in the Agreement and subject to the applicable provisions of these General Conditions in the case of Unit Price Work and authorized Change Orders).

Contractor – the Contractor named in the contract documents.

Director – City of Concord Transportation Director or the Director’s representative.

Field Order - A written order issued by the Director which requires minor changes in the Work but which does not involve a change in the Contract Price or the Contract Times.

Engineer - City of Concord Transportation Director

Owner – City of Concord, North Carolina.

Proposal requirements – the legal and procedural documents, any general and special provisions, together with modifications thereof, and Standard Specifications requirements, with all addenda thereto.

Quoter - An individual, partnership, firm, corporation, or joint venture submitting a quote for the work contemplated

Special Conditions - That part of the Contract Documents which amends or supplements these General Conditions.

Standard Drawings - North Carolina Department of Transportation Raleigh, "Highway Design Branch Roadway Standard Drawings" Latest Ed.

Standard Specifications - North Carolina Department of Transportation Raleigh, "Standard Specifications for Roads and Structures", Latest Ed. and the "Highway Design Branch Roadway Standard Drawings" Latest Ed.

Subcontractor - any person, firm, partnership, corporation, with a direct contract with the Contractor who acts for or in behalf of the Contractor in executing any part of the contract, but does not include one who merely furnishes materials.

Transportation Department - City of Concord Transportation Department.

Underground Facility, Utility, Services - All underground pipeline, conduits, ducts, cables, wires, manholes, vaults, tanks, tunnels, or other such facilities or attachments, and any encasements containing such facilities, including those that convey electricity, gases, steam, liquid petroleum products, telephone or other communications, cable television, water, wastewater, storm water, other liquids or chemicals, or traffic of other control systems.

Work - the entire completed service or the various, separately identifiable parts, labor, material or requirement thereof needed to perform such under the contract documents to the satisfaction of the City.

- 2) Project Information: The work under the Miramar St., NE., Sidewalk Extension Phase II contract consists of required work to remove the existing asphalt and concrete and other materials to perform necessary grading, tie-in, and installation of new asphalt, sidewalk, curbing ADA ramps, and other necessary tasks as outlined in the plans along Scenic Dr. NE, and Miramar St., NE as shown in the Miramar St., NE Sidewalk Extension Phase II construction plans. All work and materials shall meet and be in accordance with the provisions of the Occupational Safety and Health Administration, the North Carolina Department of Labor, North Carolina Department of Transportation Standard Specifications for Roads and Structures, latest Edition, the North Carolina Department of Transportation Roadways Standards Drawings, latest Edition the Manual on Uniform Traffic Control Devices, latest Edition, the City of Concord Technical Standards Manual, The City of Concord's Ordinances, Policies, and Standard Specifications, and NCDOT Standard Specifications. In the event of conflict between the City of Concord's Ordinances, policies, and Standard Specifications, and NCDOT Standard Specifications, or the North Carolina Administrative Code, the more restrictive requirements shall apply. All work should be completed in accordance with the Contract documents to the satisfaction of the Director and the City of Concord.

The Contractor is also hereby referred to certain items of the Special Conditions for further information with regards to this work.

Any defective work whether the result of poor workmanship, use of defective materials, damage through carelessness or any other cause shall be removed and the work re-executed at no cost to the City.

- 3) Specified Times of the Contract, Working Hours, Schedules, Reports, and Supervision:
The Contractor shall pursue the work diligently with workmen in sufficient numbers, abilities, and supervision; and with equipment, materials and methods of construction as may be required to satisfactorily complete the work described in this contract as provided by the Director by the Completion Date of **NINETY (90) DAYS** from the Notice to Proceed Date to maintain working hours from 9:00 AM to 4:00 PM with a ½ hour unpaid lunch allowance unless otherwise modified by the Director. All work shall be accomplished in a continuous manner once the contractor begins. Normal, daily mobilizations in the course of the work

shall be considered incidental to the contract unit prices of all quote items.

Additionally, the Contractor will at no cost to the City notify the Director within **forty-eight (48)** hours in advance of beginning work and thereafter coordinate with the Director or the Director's representative regarding the proposed work schedule, pay request submittals and obtain approval and request for cooperative efforts by the City.

The contractor is to inform the Director or the Designated Representative of the estimated arrival time on site and description of work to be performed for each workday. In the event that no work is to be performed, the contractor shall provide an explanation describing the reasons for the given day.

The Contractor will be required to begin work in accordance with the Notification to Proceed from the City on all work included in this contract or as directed by the Director or the Director's representative.

The Contractor shall at all times be responsible for the supervision, conduct, and discipline of his employees and/or Subcontractors and persons employed by said Subcontractors. All foremen and workmen must have sufficient knowledge, skill, and experience to perform properly the work assigned to them. Any foreman or workman, who in the opinion of the Director, that does not perform his work in a skillful and diligent manner, or who acts in a disorderly or intemperate manner, shall be removed from any portion of the work covered by this contract by the Contractor.

When one or multi-crews are employed, there shall be a designated crew foremen or job superintendent that will represent the Contractor as a single point of contact for the crew(s).

- 4) Specifications and Regulations: The following sections under this Part 4) are for **earthwork, stormwater conveyance structure installation or adjustments, structural subgrades, concrete sidewalk installation, ADA accommodations, concrete curb and gutter, roadway asphalt and concrete pavements, sedimentation and erosion control, pavement marking, site security and work zone traffic safety, and other operations as also delineated and described in Part 2) Project Information**, other Parts of Exhibit A, the construction plans, and Special Conditions.

All material, methods and other aspects of the work shall be provided, constructed, installed, inspected, and accepted in accordance with and as further defined under the applicable Divisions and Sections of the Standard Specifications, associated Standard Drawings, provisions of these General Conditions, Special Conditions, Contract Documents, construction plans or associated documents and cross-references therein and as generally described as follows:

Note: Where mentioned and applied in the Standard Specifications, Engineer shall under this contract be deemed as and have the same authority as the Transportation Director. Other items with regards to specifications and regulations for this work are noted in the Special Conditions.

Construction Control of Work

The Contractor shall be responsible for all project control, construction layout, and staking so as to properly construct the work in accordance with Division 1 - Section 105 and other applicable Sections and Divisions of the Standard Specifications. All work shall be to the

satisfaction of the Director or the Director's representative. No direct payment will be made for the control of work as this operation will be incidental to the work and full compensation for such will need to be included as part of the unit prices for the various Pay Items in the contract.

Work Zone Traffic Control

All material, installation of control measures, and maintenance of this section of the work shall be in accordance with Division 11 and other applicable Sections and Divisions of the Standard Specifications. All work shall be to the satisfaction of the Director or the Director's representative.

All pedestrian control, vehicular traffic control, safety, and security associated with the entire work shall be in accordance with Part 6 of the Manual on Uniform Traffic Control Devices (MUTCD) latest Edition, OSHA, and any other applicable federal, state and local laws and regulations and shall be the responsibility of the Contractor. All hazards associated with the work that may pose as a danger and hazard shall be protected both during and outside of working hours. The Contractor shall not close a lane of traffic, detain and/or alter the traffic flow on or during holidays, holiday weekends, special events, or any other time when traffic is unusually heavy.

The Contractor is responsible for operating and maintaining traffic control correctly. At least one member of each crew on the project site shall be certified in Work Zone Traffic Control and the operation(s) being used. If the Contractor fails to provide proper traffic control, the Director or the Director's representative has the authority to cease all operations and the contractor will not be allowed to continue for that day on this contract. This will result in the loss of production for this day and is not a legitimate claim for contract time extension.

The Contractor shall operate his equipment and conduct his operation to maintain the flow and safety of traffic. Maintenance of traffic (both vehicular and pedestrian) shall be done in accordance with Section 150 of the Standard Specifications. Work shall only be performed when weather and visibility conditions allow safe operations. Traffic cones (36-inch minimum height) may be used when approved by the Director or the Director's representative. When cones are used, they shall be either double stacked or have special heavy bottoms such that they will not be blown over by traffic. The Contractor shall temporarily remove his equipment from the travelway for emergency vehicles and school buses as directed by the Director or the Director's representative.

Work shall not be performed before sunrise or after sunset unless approved by the Director and such work is in compliance with Section 107 of the Standard Specifications and the Contractor provides artificial lighting as may be necessary to provide for safe and proper construction and to provide for adequate inspection of the work as described in Section 1413 of the Standard Specifications. No direct payment will be made for any items as covered in Section 1413 as such will be considered incidental to other pay items of the work.

Earthwork

All material, construction, inspection and acceptance of this section of the work shall be in accordance with Division 2, Division 8 and other applicable Sections and Divisions of the Standard Specifications. All work shall be to the satisfaction of the Director or the Director's representative.

Pipes and Culverts

All material, construction, inspection and acceptance of this section of the work shall be in accordance with Division 3 and other applicable Sections and Divisions of the Standard Specifications. All work shall be to the satisfaction of the Director or the Director's representative.

Subgrades, Bases, and Shoulders

All material, construction, inspection and acceptance of this section of the work shall be in accordance with Division 5 and other applicable Sections and Divisions of the Standard Specifications. All work shall be to the satisfaction of the Director or the Director's representative.

Asphalt Pavements

All material, construction, inspection and acceptance of this section of the work shall be in accordance with Division 6 and other applicable Sections and Divisions of the Standard Specifications. All work shall be to the satisfaction of the Director or the Director's representative.

Concrete Pavements

All material, construction, inspection and acceptance of this section of the work shall be in accordance with Division 7 and other applicable Sections and Divisions of the Standard Specifications **unless otherwise delineated or specified**. All work shall be to the satisfaction of the Director or the Director's representative.

Concrete Sidewalks, Wheelchair Ramps and Associated Incidentals

All material, construction, inspection and acceptance of this section of the work shall be in accordance with Division 8 - Section 848 and other applicable Sections and Divisions of the Standard Specifications. All work shall be to the satisfaction of the Director or the Director's representative. All concrete materials, unless otherwise delineated or specified, used for the work shall be 3600 psi and be non-tinted.

Concrete Curb and Gutter

All material, construction, inspection and acceptance of this section of the work shall be in accordance with Division 8 - Section 846 and other applicable Sections and Divisions of the Standard Specifications. All work shall be to the satisfaction of the Director or the Director's representative.

Materials

All materials used for the work shall be in accordance with Division 10 and other applicable Sections and Divisions of the Standard Specifications. The Contractor shall furnish the applicable certifications and documentation for all materials as required by the Standard Specifications. Material that is not properly certified will not be accepted.

Pavement Markings

All material, construction, inspection and acceptance of this section of the work shall be in accordance with Division 12 and other applicable Sections and Divisions of the Standard Specifications. All work shall be to the satisfaction of the Director or the Director's representative.

Sedimentation and Erosion Control

All material, construction, inspection and acceptance of this section of the work shall be in accordance with Division 16 and other applicable Sections and Divisions of the Standard

Specifications. All work shall be to the satisfaction of the Director or the Director's representative.

Acceptance of Materials and Work

Acceptance of all materials and work shall be to the satisfaction of the Director or the Director's representative.

Inspection, quality control management and required testing for stormwater piping, concrete, and asphalt construction shall be in accordance with Division 3 – Pipe Culverts, Division 5 - Subgrades, Bases, and Shoulders, Division 6 – Asphalt Pavement, Division 7 – Concrete Pavements and Shoulders and Division 8 – Incidentals of the Standard Specifications and in accordance with the requirements shown in the Contract Documents. Other required inspections (i.e. erosion control devices, earthwork, etc.) shall be in accordance with the Standard Specifications and the Contract Documents.

Responsibilities of the Contractor shall be in accordance with Division 1 of the Standard Specifications and in accordance with the requirements shown in the Contract Documents.

The Contractor shall keep himself fully informed of, comply with, give all notices, and secure all permits and approvals associated with Federal, State and local laws, regulations, codes and ordinances in any manner affecting the work, and all such orders and decrees as exist, or may be enacted by bodies having any jurisdiction or authority over the work, and shall indemnify and hold harmless the City against any claim or liability, including the cost of defense and attorney's fee arising from, or based on, the violation of any such laws, regulations, codes, ordinances, order or decree, whether by himself or his employee.

If any device, design, material or process covered by letters, patent or copyright is used by the Contractor, he shall provide for such use by legal agreement with the owner of the patent or a duly authorized licensee of such owner, and shall hold harmless the City from any and all loss or expense on account thereof in accordance with the first paragraph of this subsection, including its use by the City.

- 5) Posted Weight Limits: The Contractor's attention is directed to the fact that certain bridges in the City of Concord have posted weight limits. The Contractor will not be allowed to exceed the posted weight limits in transporting materials or equipment to the project. The Contractor should make a thorough examination of all maps and haul routes (both City and NCDOT facilities) on this project.
- 6) Utility Locations, Conflict and Coordination: Protection of all public and private property on and adjacent to the work and responsibility to the public shall be in accordance with Section 107 of the Standard Specifications.

The Contractor shall be solely responsible for contacting the appropriate utility or agency in the work areas and for the exact locations of all overhead or underground **facilities**, utilities or services before starting work. It shall be the sole responsibility of the Contractor to verify the location of all utilities and services along and in the work area and to protect such from uninterrupted service. The Contractor shall adhere to all applicable regulations and follow

accepted safety procedures when working in the vicinity of utilities in order to insure the safety of construction personnel and the public.

Permanent relocation(s) of any utility or utility service as indicated on the construction plans and as specified on the Quoting Form shall be performed by the Contractor. Acceptance of all materials and work shall be to the satisfaction of the Director or the Director's representative in coordination with representatives of the appropriate utility or agency.

Any utility or service that, in the opinion of the Contractor, will have to be made safe or temporarily relocated in order to perform the work shall be coordinated between the Contractor and the applicable utility or service provider. No direct payment will be made for this work, as it will be incidental to the project work and payment at the contract unit price for the various Pay Items in the contract will be full compensation for such action.

- 7) Site Security, Sanitary Provisions, Clean-Up, Pollution Control, and Storage: The Contractor shall at all times conduct the work as to insure the least possible obstruction to pedestrians, vehicular traffic and inconvenience to the general public and businesses in the vicinity of the work, and to insure the protection of persons and property in a manner satisfactory to the City. No road shall be closed to the public except with the permission of the Director. Fire hydrants on or adjacent to the work shall be kept accessible to fire-fighting equipment at all times.

The Contractor is wholly responsible for off-site location of his trucks, equipment and associated material.

At the end of each workday, the Contractor shall clean the site of any non-structural component debris and waste materials, which result from the work and secure the work from any hazardous condition. The Contractor or his Subcontractor will haul and properly dispose away any such debris or waste material to an approved, public receiving facility permitted by the Solid Waste Management Division of the North Carolina Department of Environment and Natural Resources to receive the type material being disposed. All debris materials permanently removed are the property of the Contractor.

The Contractor shall provide for the control of erosion, siltation, and pollution in accordance with Section 107-13 of the Standard Specifications.

The Contractor shall provide in accordance with Section 107-7 of the Standard Specifications such sanitary accommodations for the use of his employees as may be necessary to comply with the requirements and regulations of the local and State health authorities

The Contractor shall not enter upon private property for any purpose without obtaining permission, and shall be responsible for the preservation of all public property and other items, along and adjacent to the street right-of-way. The Contractor shall use every suitable precaution to prevent damage to such items and especially including vehicles, structures, poles, wires, conduits, underground infrastructure, signs, pavement, monuments, and property marks in the vicinity of the work.

- 8) Insurance: The Contractor shall procure and maintain insurance for the contract time by the Contractor, at his own expense, in an amounts and coverage as stated in **Sec. 7 and Sec. 8** of the **CONSTRUCTION CONTRACT FOR Miramar St., NE. Sidewalk Extension Phase II**. Certificate(s) of Insurance and proof thereof shall be furnished to the Transportation Director

and approved by the City of Concord Safety, Health and Risk Manager and City Attorney(s) prior to commencement of the work.

- 9) Indemnity: Refer to **Sec. 13** of the **CONSTRUCTION CONTRACT FOR Miramar St., NE. Sidewalk Extension Phase II.**
- 10) Contract Administration: The general responsibility for the administration of this contract will be done by the Director or the Director's representative. All work, reports, and requests for payment shall be subject to inspection and evaluation by the Director or the Director's representative at any time.

The Director acting directly, or through duly authorized representatives, will decide all questions which may arise as to the quality and acceptability of the work performed and as to the rate of progress of the work; all questions which may arise as to the interpretation of the contract; and all questions as to the acceptable fulfillment of the contract on the part of the Contractor. The Director's decision shall be final and shall have executive authority to enforce and make effective such decisions and orders if the Contractor fails to carry out promptly.

- 11) Method of Measurement: Measurement of the work will be made based on the actual and verified quantities which has been satisfactorily completed and accepted by the City as under the specific pay items as provided on the Quote Form. The method of measurement and computations used in determination of quantities of material furnished and of work performed under the contract will be those methods generally recognized as conforming to accepted engineering practices and according to United States standard measures. Quantities indicated on the Quote Form are estimated and not guaranteed; they are solely for comparing Bid.
- 12) Basis of Payment and Requests for Payment: The quantities of the work, measured as provided above, will be paid for at the bid unit price on the Quote Form.
- 13) Payment(s) and full compensation for the work will be based on the actual accepted quantities installed and payment(s) shall include any and all related items as specified in the Project Information and as indicated on the construction plans and discussed in the pre-bid conference, the Standard Specifications or any Special Provisions attached hereto including, but is not limited to, all mobilizations, demobilizations, control, layout, materials, tools, labor, rentals, consumables, miscellaneous hardware, supporting hardware and software, clearing, grubbing, excavations, hauling operations, filling, rough grading and fine grading, compaction, installation and / or adjustments of stormwater drainage conveyance structures, incidental relocations, structural stabilization, forming, backfilling, sawing exiting concrete and asphalt, furnishing, placing, and finishing concrete, construction joints, ADA accommodations, milling, tacking, furnishing, placing and compaction of asphalt, sedimentation and erosion control, touch-up repairs, security of the work, traffic control and safety operations with associated materials, removal of any debris, cleanup, and disposal(s), special subcontracting, permits and licenses, seeding, mulching, miscellaneous landscaping and relocations, and all else required as necessary, in accordance with the Contract documents, City Technical Standards Manual, Standard Specifications, and Standard Drawings to the satisfaction of the Director and the City of Concord.

Note: There will be no payment made for any item of the work not specifically listed as a Quote Pay Item as they are considered incidental to the other Pay Items in the Quote.

Note: Any theft of materials or vandalism to the work that occurs during construction, as noted by the Director or his representative, shall be repaired or replaced at the expense of the Contractor at no cost to the City. Contractor will insure the work until such is completed and accepted by the City.

Forms for billing the City for services performed are to be made on forms provided by the City of Concord. No other forms will be accepted by the City and processed for payment. The Contractor shall submit month invoices (if the work goes beyond one month) by the 25th day of each month or interim invoices if so necessitated by certain contracts and as directed by the City, which shall be processed for payment thirty (30) days after receipt. Invoices and time sheets shall be in duplicate – one original set to be attached to invoices for City of Concord Finance Department and one copy to be filed with the Transportation Department.

- 14) Oral Agreements and Claims for Additional Compensation: No oral order, objection, claim or notice by any party to the others shall effect or modify any of the terms of obligations contained in any of the contract documents other than by a definitely agreed upon waiver or modification by both the Contractor and the City in writing.

Any claims for additional compensation shall be submitted in writing to the Director with detailed justification within thirty (30) days after receipt of the final invoice payment. The failure of the Contractor to submit the claim(s) within thirty days shall be a waiver of any such claims and a bar to recovery.

- 15) Contract Time and City's Right to Terminate Contract: This contract shall commence on the effective date given in the Contract Agreement (Notice to Proceed Date) and shall be effective for a period of **NINETY (90)** days. Any requests for extensions to the contract time shall be made in writing by the Contractor and approved by the Director. The City shall have the right to suspend work or to terminate the contract after giving at least **ten (10)** days written notice of suspension or termination to the Contractor.

- 16) Subletting of Contract: The Contractor shall not sublet, sell, transfer, assign or otherwise dispose of this contract or any portion thereof, or his right, title or interest therein, without written consent of the City. Subletting of this contract or any portion of the contract shall conform to the provisions of these General Conditions and the Standard Specifications Division 1 - Section 108-6.

- 17) Notices to Proceed: The Contractor shall be ready to perform work operations and stand on emergency call as soon as possible after the issuance of a City Purchase Order Number / Notice to Proceed, but in no event delay the onset of work operations later than **thirty (30)** days of delivery of said City Purchase Order Number / Notice to Proceed.

- 18) Litigation Venue: Any controversy or litigation arising out of this contract shall be resolved in the courts of Cabarrus County, North Carolina and as further stated in **Sec. 15.** of the **CONSTRUCTION CONTRACT FOR Miramar St., NE Sidewalk Extension Phase II.** This contract shall be subject to the laws of the State of North Carolina and with respect to this Part 18), time is of the essence.

- 19) Submission and Rejection of Quotes: No Quoter may submit more than one quote. Multiple quotes under different names will not be accepted from one firm or association. A conditional quote will not be accepted. Oral, telephone, facsimile, or telegraph quotes will not be accepted. The Quote Form must be filled out and submitted in the bound documents.

All quotes will remain subject to acceptance for the number of days set forth in the Quote Form. The City of Concord reserves the right to reject any or all quotes.

- 20) **Liquidated Damages:** The City and Contractor recognize that time is of the essence of this contract and that the City will suffer financial loss if the work is not completed within the contract specified time, plus any extensions thereof allowed in accordance with Part 17) of these General Conditions. They also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by the City if the work is not completed on time. Accordingly, instead of requiring any such proof, the City and Contractor agree that as liquidated damages for delay (but not as a penalty) the Contractor shall pay the City **\$ 500.00** for each calendar day that expires after the contract specified time until the remaining / outstanding work (punchlist) is performed by the Contractor and until such time as punchlist completion and readiness for final payment is made.

In case of joint responsibility for delay in the completion of the work, where two or more separate contracts are in force at the same time and cover work at the same site, liquidated damages assessed against any one Contractor will be based upon the individual responsibility of that Contractor for the delay as determined by, and in the judgment of, the Director.

The City shall have the right to deduct the liquidated damages from any money in its hands, otherwise due, or to become due, to the Contractor, or to initiate applicable dispute resolution procedures and recover liquidated damages for nonperformance of this contract within the specified time of the contract.

Attendance at the Pre-Bid Conference (On-site at 9:30 AM, February 5, 2019) is required to submit a Bid

Sealed bids will be received by the City of Concord at the Alfred M. Brown Operations Center, Room C, 635 Alfred Brown Jr. Court, SW, Concord, North Carolina 28026-0308 until 2:00 p.m., local time, **Tuesday, February 19, 2019** for the Miramar Dr., NE Sidewalk Extension Phase II Contract.

At said place and time, and promptly thereafter, all bids that have been duly received will be publicly opened and read aloud.

**Phillip Graham, P.E., Transportation Director
City of Concord
